DIGEST: SB 849 would require wig specialists, wig instructors and manicurists to renew their licenses every two years. Speciality shops would have to obtain a license, renewable every two years.

The State Board of Barber Examiners could charge a delinquency fee of \$30 per year for renewal applications filed more than 30 days after a license had expired.

The bill would also lower the minimum age for a barber license from 16 1/2 to 16 years old and bar animals, other than seeing-eye dogs or guard dogs, from barber shops.
